## Contact Us

**Building Neighborhood  
Capacity Program (BNCP)**

**Located in Holmes STEM  
Academy 6602 Oxley Drive  
Flint, MI 48504  
Phone: 810-767-8054**

## Our Success Stories

BNCP Neighborhood Advisory Council Partners with Metro Community Development, the Center for the Study of Social Policy, Anchor and Cross-Sector Partners to develop and implement sustainable revitalization efforts. BNCP residents have developed action teams to achieve their goals that fit with the Imagine Flint Master Plan areas of focus:

- Land Use
- Housing and Neighborhood
- Transportation and Mobility
- Infrastructure and Community Facilities
- Environmental Features, Open Spaces and Parks
- Economic Development and Education
- Public Safety, Health and Welfare
- Arts and Culture

## More about our story

Are you interested in helping us drive change and revitalize our community?

Do you need information about how Metro Community Development can assist you?

If so, contact us to today. Phone: 810-767-8054

**BNCP Funding Partners**

**Residents and Partners working to achieve**

**Safe Neighborhoods**

**Affordable Housing**

**Strong Families and Healthy**

**Thriving Children**

**“Partnering to Build  
Strong Vibrant Communities”**

## Who We Are

BNCP-Flint is a group of concerned, engaged and committed residents and local organizations working together to build a plan to revitalize neighborhoods in the north side Flint. Metro Community Development is the lead organization on this project.

### Neighborhood Partner Organizations

- Foss Avenue Baptist Church
- Genesee County Habitat for Humanity
- Hamilton Community Health Network
- Mott Children's Health Center
- Our Savior Lutheran Church
- WOW Community Outreach

## What We Do

Building Neighborhood Capacity Program (BNCP) is the catalyst that drives change in community neighborhoods in Flint that have historically faced barriers to revitalization. Through knowledge, skills, relationships, processes and resources needed BNCP aids in making the connection for residents and businesses in the community that want to transform their neighborhoods into places of opportunity such as:

- Safe Neighborhoods
- Affordable Housing
- Strong Families and Healthy Thriving Children

## Our Story

In 2012, Ward 1 and Ward 3 in Flint, Michigan were selected as one of eight neighborhoods in four cities—Fresno, Memphis and Milwaukee to participate in the federal funded Neighborhood Revitalization Initiative (NRI). The role of BNCP is to be the spur or vehicle to drive the change in the community neighborhoods that have historically faced barriers to revitalization

The capacity building process develops relationships, increases knowledge and skills for residents, community partners and businesses to access resources that will convert their neighborhoods into places of opportunity.

*BNCP Residents are working to achieve their desired goal to:*

*“Live in a safe neighborhood*

*Opportunity for quality housing*

*Have employment opportunity with family supporting wages.”*

*- NAC Vision Statement*
